Gigabytes

Summer Computing Program for High School Girls

July 22-26, 2024 (on EMU's campus)

E EASTERN MICHIGAN UNIVERSITY

Gigabytes is an all-day, week-long, summer computing program for high school girls. It introduces computing and technology through robot-based programming. Coding is introduced through educational robots with the support of student mentors. The program concludes with a hackathon and a career discovery event. It is staffed by the Women in Computer Science (WICS) club members at Eastern Michigan University and led by a faculty member.
