Computer Animation with Alice: A Gentle Introduction to Programming

CRN 27914, TTh 11AM, PH303/521

Prof. Matt Evett

www.emunix.emich.edu/~evett/AnimationProgramming

Did you ever want to learn how to create your own animations on your web page, or to see if you might like computer programming? Skilled workers in animation and programming are in high demand in many industries.

This course provides an introductory approach to learning the rudiments of designing and controlling animations, while also serving as a gentle exploration of basic computer programming constructs.

There are no prerequisites other than a desire to learn and to build fun animations!
